

## **Rodeo Sanitary District**

Contractors with a valid Class A – General Engineering license are invited to bid construction of the Comprehensive Wastewater Master Plan Near Term Improvements - Influent Pump Station Project in Rodeo, CA, for the Rodeo Sanitary District. The Project consists of Installation of an interceptor Manhole, removal and installation of sewage pumping equipment and piping, potable water pump, sump pump, inlet gate, diesel storage tank, and minor ancillary systems, complete replacement of the pump station MCC, control equipment, and PLCs, and temporary sewage bypass. The Engineer's opinion of probable construction cost is \$1,350,000.

The project will be funded by the California Clean Water State Revolving Fund (CWSRF). The project will require compliance relative to utilization of DBE, including the Six Good Faith Efforts (GFE) listed in the appendix prior to bid opening. Contractor shall submit EPA Form 6100-3 DBE Subcontractor Performance Form, EPA Form 6100-4 DBE Subcontractor Utilization Form and any required attachments with the bid.

Copies of contract documents are available for \$100. For documents, call the Rodeo Sanitary District at (510) 799-2970 to arrange for pick up in Rodeo or delivery at contractor's expense. Questions regarding the bid package should be directed in writing as soon as possible but no later than five working days prior to the opening of bids to: Steven S. Beall, PE, District Manager, at [bealls@rodeosan.org](mailto:bealls@rodeosan.org). Mandatory pre-bid conference is set for 1:00 PM on Monday, October 3, 2016 at Rodeo Wastewater Treatment Plant, 800 San Pablo Avenue, Rodeo, Ca, and bids are due not later than Monday, November 7, 2016, at 11:00 am.
